

BUSINESS MODEL

How will people find out

- College campus stalls
- Instagram reels & posts
- Peer visibility on campus

PURCHASE

- Student-friendly pricing (₹399–₹699)
- Eco-friendly + modern design appeal
- Purchase via website

REPEAT

- Accessories (₹299–₹499)
- AI-based design refresh & customisation
- Gifting and phone upgrades

Revenue streams

What are possible streams of revenue?

Primary revenue streaming

- Sales of the phone case
- Set up an E-commerce store
- Up-pricing for customization
- Bulk ordering
- Vending Machines

Growth and revenue optimization strategy

- Social media advertising
- Promote sustainability focus
- Bundling and cross selling

OUR COMPETITION

Brand / Category	Price Range	Material	Sustainability	Customization	Target Customer	Key Limitation
Premium Eco Brands (e.g., Pela)	₹1,500–₹2,500+	Plant-based / bio-polymers	High	No	Premium eco buyers	Priced above mass-student budgets
Plastic Case Brands (e.g., Spigen)	₹300–₹1,200	Plastic / TPU	Low	Limited	Mass market	Plastic-based, low sustainability
Existing Coconut-Based Brands	₹900–₹1,200	Coconut fiber / shell	High	No	Niche eco buyers	Higher cost, limited phone models
Kaathh (Coconut Shell Cases)	₹900–₹1,200	Solid coconut shell	High	No	Niche, design-focused buyers	Rigid material, limited scalability
COIRFORM	₹399–₹699	Coconut waste (husk & coir)	High	Planned (AI-assisted)	Students & young consumers	Early-stage;

Financial Projections

Year

2026

PACKAGING (RECYCLABLE) — ₹8-12
FIRE RETARDANT (OPTIONAL) — ₹3-5
TOTAL VARIABLE COST PER UNIT — ₹35-55

COST

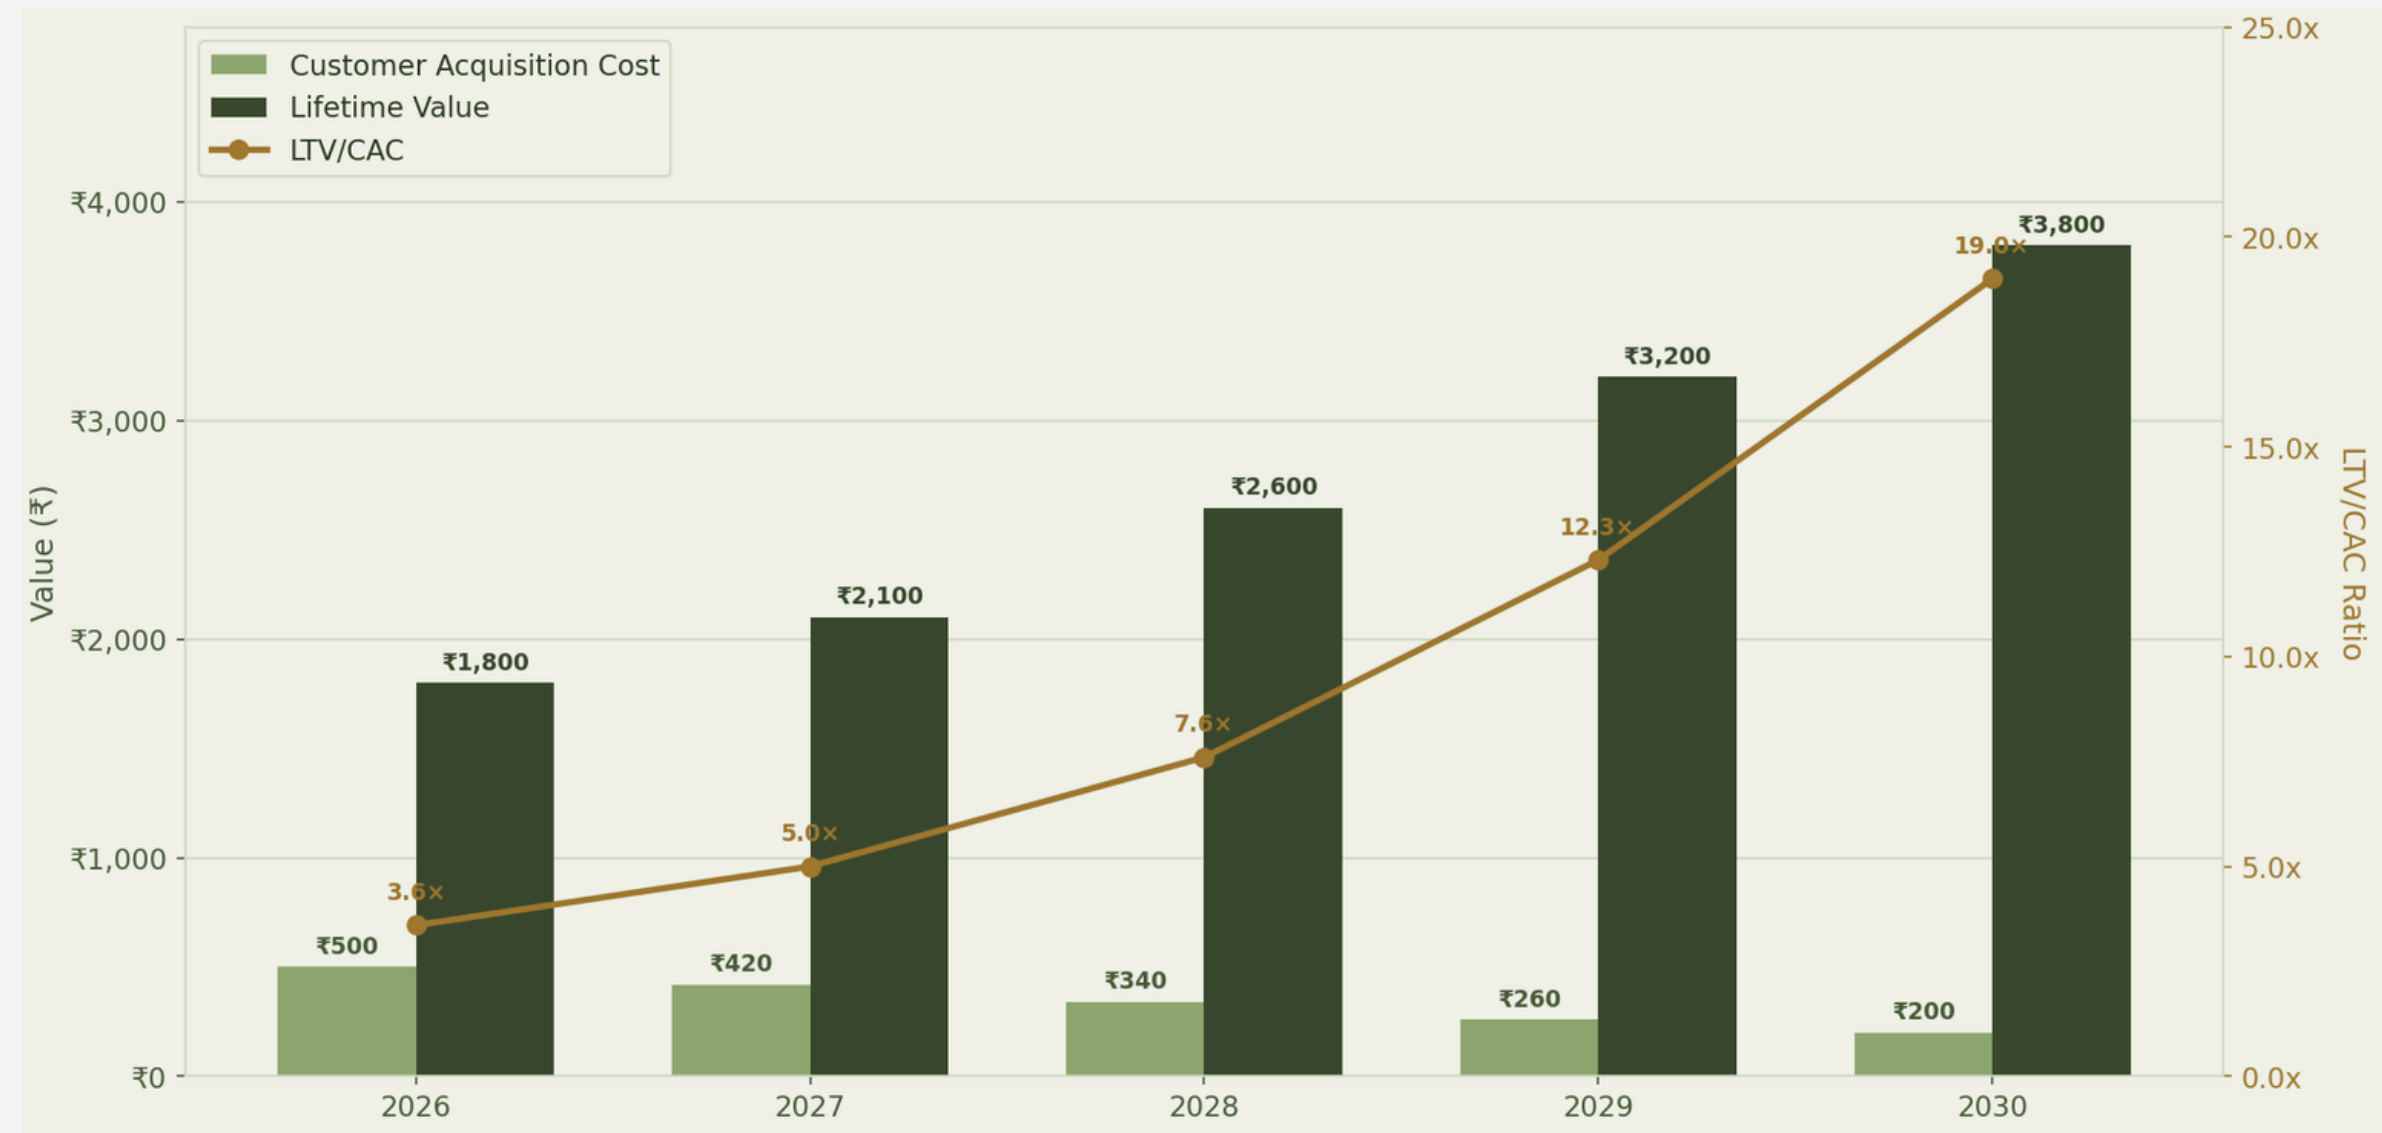

CAC vs LTV

Light green bars = CAC — cost to get one customer, dropping from ₹500 to ₹200 as brand awareness grows

Dark green bars = LTV — revenue per customer over their lifetime, rising from ₹1,800 to ₹3,800 as repeat purchases increase

Gold line = LTV/CAC ratio — starts at 3.6× in 2026, grows to 19× by 2030

THANK YOU
